Consent Form

Student researcher

Henning Otto (otto@this.is.not.real.email.com)

Master student in Strategic IT Management Program

Department of Computer and Systems Sciences, Stockholm University

I am asking for your voluntary participation in my small-scale research project regarding spending in mobile social games. Please read the following information about the project. If you would like to participate, please sign in the appropriate space below. If you have any further questions about this study, please feel free to contact the.reseacher.

Information about the research

The purpose of this research study is to explore how designs of mobile social games are aligned with spending preferences of Swedish students.

The analysis will be based on the description of popular design choices and the evaluation of questionnaires completed by Swedish students.

Participating in the study

If you participate, you will be asked to:	Provide answers to a questionnaire regarding your experience and spending habits in mobile social games.
Time required for participation:	Approximately 15-20 minutes
Potential risks of this study:	There is no anticipated discomfort for those contributing to this study, so risk to participants is minimal.
Benefits:	You may not personally benefit from taking part in this study. However, you may receive a copy of the final report upon request.
How confidentiality will be maintained:	Your records will be kept confidential and will not be released without your consent except as required by law. Your signed consent form will be stored separately from the data.

Voluntary Participation

Participation in this study is completely voluntary. If you decide not to participate there will not be any negative consequences. Please be aware that if you decide to participate, you may stop participating at any time and you may decide not to answer any specific question.

By signing this form I am attesting that I have read and understood the information above and I freely give my consent to participate.
